# About Movie Explorer Portal

The **Movie Explorer Portal** is an educational static web development project crafted specifically for the **B.Tech 1st Year Web Designing & Web Technologies Lab** curriculum.

The core goal of this assignment is to teach students how to take a structured HTML document containing real-world movie metadata and apply progressive styling layers using standard CSS, advanced CSS3 properties, and modern CSS frameworks like Bootstrap 5 or Tailwind CSS.

## Syllabus Progression Roadmap

1. **Unit 1 — HTML5 Markup:** Structuring semantic web documents, metadata, lists, tables, and form inputs.
2. **Unit 2 — CSS Fundamentals:** Applying external style sheets, selectors, color rules, and understanding the Box Model (margins, borders, padding).
3. **Unit 3 — CSS3 & Responsive Design:** Creating fluid layouts using Flexbox, CSS Grid, hover transitions, and media query breakpoints.
4. **Unit 4 — Responsive Frameworks:** Refactoring custom CSS layouts into framework container grids (Bootstrap 5 / Tailwind CSS).

---

## 12-Week Lab Practical Timeline

| Week #     | Topic / Syllabus Module     | Practical Student Focus                                | Lab Deliverable          |
|------------|-----------------------------|--------------------------------------------------------|--------------------------|
| Week 1-2   | HTML5 Document Structure    | Building HTML skeletons using semantic tags            | Unstyled HTML Wireframes |
| Week 3     | HTML Forms & Tables         | Constructing contact inputs and spec tables            | Form & Table Pages       |
| Week 4-5   | CSS Basics & Box Model      | Custom typography, margins, padding, borders           | Styled CSS Static Pages  |
| Week 6-7   | CSS3 Layouts & Transitions  | Flexbox grid layouts, shadows, hover effects           | Responsive Flexbox Grid  |
| Week 8     | CSS3 Media Queries          | Writing @media query breakpoints for mobile            | Mobile Responsive Site   |
| Week 9-10  | Bootstrap 5 / Tailwind Grid | Linking CDN, 12-column grid container setups           | Framework Shell          |
| Week 11-12 | QA, Audit & Final Defense   | Cross-browser testing, code cleanup, viva presentation | Final Project Submission |

## User Feedback & Inquiry Form

Please fill out the form below to submit your feedback or inquiries regarding the portal:

Full Name:

e.g. John Doe

Email Address:

name@example.com

Inquiry Category:

General Feedback

**How would you rate this portal design?**

- ☒ 5 - Excellent  
☐ 4 - Good  
☐ 3 - Average  
☐ 2 - Needs Improvement

**Which features did you find most useful? (Select all that apply):**

- ☐ Catalogue Card Layout  
☐ Technical Spec Tables  
☐ Mobile Responsive Navigation  
☐ Feedback Contact Form
